Veterinary Certificate

Sale: 17CLY Inglis Classic Yearling Sale 2017
Lot Number: 0574
Horse: Choisir x Lalani bay filly 15
Brands n.sh: M3 over scroll off.sh: 16 over 5
Pedigree as in the catalogue.

At the request of Jamie Walter of Proven Thoroughbreds a post-purchase veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Newmarket, Sydney on 13/02/2017.

Clinical Examination

The clinical examination included heart auscultation, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The mammary glands and vulva were normal in appearance. There was no evidence of previous abdominal surgery, infection or disease, laminitis or ataxia. The horse was in very good health (condition score 3). The horse was examined at rest and at the walk only. This was an attractive scopey filly of a good size with a racy body. She had a lovely, easy, loose walk.

Radiographic Examination

The standard set of 36 radiographs was examined in the repository. There were no significant radiographic changes noted. Low risk.

In my opinion, at this time, the filly presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. The filly is suitable for public syndication and mortality insurance.
