Veterinary Certificate

Sale: 17EAY Inglis Australian Easter Yearling Sale 2017
Lot Number: Lot 328
Horse: Sebring x Sarthemare brown colt 15
Brands n.sh: BPS off.sh: 4 over 5
Pedigree as in the catalogue.

At the request of Jamie Walter of Proven Thoroughbreds, a pre-purchase veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Newmarket, Sydney on 05/04/2017.

Clinical Examination

The clinical examination included heart auscultation, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The sheath and testes were normal in appearance and the testes normal on palpation. There was no evidence of previous abdominal surgery, infection or disease, laminitis or ataxia. The horse was in very good health (condition score 3). The horse was examined at rest and at the walk only. This was a good sized racy horse, of a good length and a nice length of rein. This horse had a good active walk and turned well in both directions.

Radiographic Examination

The standard set of 36 radiographs was examined in the repository. The radiographs show no significant radiographic changes. Low risk.

In my opinion, at this time, the colt presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. The colt is suitable for public syndication and mortality insurance.
