Veterinary Certificate

Sale: Yearling Sale 2018 NZB Karaka New Zealand
Lot Number: 183
Horse: Redwood, Ella Maree brown colt 2016
Brands n.sh: G over H bar off.sh: 234 over 6
Pedigree as in the catalogue.

At the request of Jamie Walter of Proven Thoroughbreds a post-purchase veterinary examination of the above horse was undertaken at the New Zealand Bloodstock Karaka Sales Complex, New Zealand on 29/01/2018

Clinical Examination

The clinical examination included heart auscultation, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The sheath and testes were normal in appearance and the testes normal on palpation. There was no evidence of previous abdominal surgery, infection or disease, laminitis or ataxia. The horse was in very good health (condition score 3). The horse was examined at rest and at the walk only.

This was a good-sized (DOB 25/10/16), well-mannered colt with a nice body and an attractive head. Epiphysitis on the medial distal-radial growth plate of the left knee was apparent; there was no pain or joint effusion on carpal flexion which flexed freely. It is recommended that the knee be monitored and time given.

In my opinion, at this time, the colt presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. The horse is suitable for public syndication and mortality insurance.
